

## Zeichenkapital

Paid 1 shekel for 3 25 78  
number assignment, not ISBN

Снаут: "Только дверь не  
закрывай"

Крис: "Да какая это дверь,  
одно название"

Я: "Да какая это книга,  
одно название"

This is tiny even not book,  
hope sharing, title may be  
useful:)

Sorry for me Marx Kapital  
tldr,  
may be i can get from it  
only title for new reality,  
wish will be only positive  
revolutions and evolutions  
inside civilization

Any Information, In  
Information in general i

understand  
as any (positive)  
violation, violation in  
general  
(root fr פור הפרה in  
Hebrew, py in Russian,  
Ukrainian). Violation is  
not violence!

[https://skymon.binoniq.net/  
2019/10/31](https://skymon.binoniq.net/2019/10/31)

Intellectual Value of  
something or somebody is as  
others respect something or  
somebody intelligence  
Likes and upvotes can be  
connected to currency

Information (violation) can  
be commodity and can not be  
Democracy is one per 4  
years bit-cracy (Dov  
Contorer)

AI is not anti natural or  
anti intellectual, not  
limitation but extension  
Was Communism religion? Are  
Microsoft, Apple or Linux  
religions?

Imho no more religions  
existing in the world, only  
two ideas, ideologies  
One of love, civilization,  
creation, spiritual

fecundation,  
vs second of hate,  
barbarism, vandalism,  
destruction, mental  
masturbation.

Liberal Fundamentalism  
(defending rights of  
cannibal)(Y.Latynina) is  
cancer inside of  
civilization

Society of a parasite-  
mediator - execution of  
"declared" functions  
(the airline makes air  
travel, the hospital is  
healing, etc.) always

becomes secondary,  
and intentional blackmail  
or sabotage of  
functionality  
for knocking out profits or  
achieving control over  
customers is the most  
everyday receptivity,  
on which to pay attention  
as not accepted - "Nu,  
that's business?"

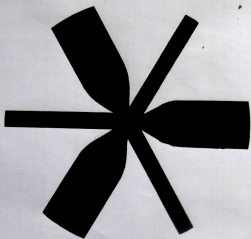

[http://emdrone.livejournal.  
com/176676.html](http://emdrone.livejournal.com/176676.html)

To achieve the result, the  
organism (system) must  
provide

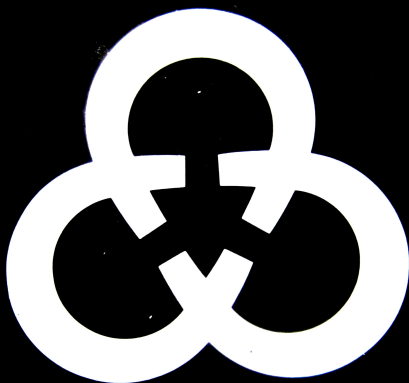

a maximum of mutual  
information between  
environmental conditions  
and reactions  
(maximum information  
principle of Petrov,  
Golitsyn)

Just to publish something,  
to justify the title a  
little bit, here is signs
